

Pricing & Packages

PASS Summit is the premier conference where data professionals connect. Spend up to a week with us as we delve into full-day pre-conference workshops, hands-on labs, expert sessions, demos, networking, the latest tips, tricks, and technologies, and more. And because PASS is a non-profit organization, your registration fee stays in the data community, supporting a variety of local, regional, and international programs and events that bring data professionals together around the world. PASS Summit 2017 will be held October 31 to November 3, 2017 at the Washington State Convention Center, located in Seattle, WA.
