INDEPENDENT AUDITOR'S REPORT

Board of Directors of
Professional Association for SQL Server

We have audited the accompanying financial statements of Professional Association for SQL Server (an Illinois not-for-profit corporation), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Professional Association for SQL Server as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

PROFESSIONAL ASSOCIATION FOR SQL SERVER**NOTES TO THE FINANCIAL STATEMENTS****NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Nature of Activities. The Professional Association for SQL Server (“PASS” or “Association”) is an international not-for-profit organization which supports data professionals throughout the world. PASS facilitates member networking, education and information exchange through local and virtual chapters, online, local and regional events and annual international conferences. With an ever expanding scope to meet today’s increasing data demands, PASS has moved beyond a specific focus of software and tools to incorporate ideas, techniques and approaches that broadly impact the spectrum of data professionals. As PASS continues to grow, it endeavors to meet not just technical training needs but to meet all professional training needs of data professionals.

Basis of Accounting. PASS reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. There were no temporarily or permanently restricted net assets at June 30, 2015 and 2014.

Management Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is required, as additional information is obtained and the operating environment changes.

Cash and Cash Equivalents. PASS considers all highly liquid securities purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents exclude funds held in investment accounts. PASS regularly maintains cash balances that exceed Federal Deposit Insurance Corporation limits.

Investments. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement for these assets are all level 1 inputs, defined as unadjusted quoted prices in active markets for identical assets or liabilities that PASS has the ability to access.

Accounts Receivable. Accounts receivable are stated at the amount PASS expects to collect from balances outstanding at year-end. PASS performs in-house collection efforts as necessary based on its assessment of the current status of individual accounts. Bad debts, which are typically minimal, are charged to expense as incurred. Management has determined that an allowance for doubtful accounts was not necessary as of June 30, 2015 and 2014.

Revenue Recognition. Conference revenue is recognized in the year the event occurs. Conference revenues received in advance of conferences are accounted for as deferred revenue at year end. Sponsorship and other revenues are recognized when earned.

Website Development Costs. Website development costs are accounted for as capital assets and amortized on a straight-line method over their estimated useful life of three years. Costs related to the planning stage of website development projects as well as ongoing website operating and support costs are expensed as incurred. Upon sale or retirement, website development costs and related accumulated amortization are eliminated from their respective accounts and the resulting gain or loss is included in the statement of activities.

Expense Recognition. Conference costs are recognized as expenses in the period the conference occurs. Costs incurred or paid in advance of the conference are accounted for as prepaid expenses at year-end.

Income Taxes. PASS is a not-for-profit corporation under Illinois law, but is subject to taxes on its income under applicable federal and state laws. Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of assets and liabilities for financial and income tax reporting. Deferred income tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

PROFESSIONAL ASSOCIATION FOR SQL SERVER**NOTES TO THE FINANCIAL STATEMENTS****NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)**

Foreign Currency Translation. Transactions denominated in foreign currencies are converted to U.S. currency at the rate prevailing on the transaction dates and gains and losses on subsequent settlement are included in revenue or expense. Assets and liabilities denominated in foreign currency at year end are converted to U.S. dollars using the conversion rate as of year-end.

Contributed Services. PASS relies significantly on volunteer effort by Board and Committee members. Contributed services are reported as contributions at their fair value if such services create or enhance non-financial assets, or would have been purchased if not provided by donation, require specialized skills, and are provided by individuals possessing such specialized skills. There were no contributed services meeting those criteria during the years ended June 30, 2015 and 2014.

Allocation of Expenses. The costs of providing various programs and services are summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among program and supporting services on the basis of management estimates.

Reclassification. Certain amounts in the 2014 financial statements have been reclassified in order to conform with the 2015 presentation.

NOTE 2 – INVESTMENTS

PASS has accounts at two investment management companies. As of and for the years ended June 30, 2015 and 2014, investments consisted entirely of certificates of deposit and money market funds.

Interest on amounts borrowed on the line is payable at a variable rate based on daily LIBOR plus 3 percentage points (approximately 3.20 % as of June 30, 2015). Amounts borrowed by PASS under the line are collateralized by a security interest in substantially all of its assets.
