Wendy reviewed the Projected Final vs Budget Summary for FY 2018. Wendy pointed out that we did not hit our targeted registration numbers for Summit 2017 which is why there is a deviation of the numbers.

Cormac Foster inquired what the loss on the Local Events budget line item was. Wendy explained that the decision was made not to move forward with the Business Analytics Days (BA Days) which were being run as local events and there was a financial loss from cancelling the event and staff costs.

Wendy reviewed the projected final budget for June vs what was reviewed in January and reminded everyone to submit any outstanding expense reports immediately.

Wendy reviewed the cash and investments of PASS and thanked the Board for approving the Budget for FY 2019.

There was a request for PASS to publish a budget summary to the public once the budget has been approved, in addition to the more detailed budget published. The summary would allow the community to see where the money comes in and where it is spent with more clarity. A discussion was held concerning the details on what would be included in the report and how this would be presented to the community.

Grant reminded the Board members that they are to continue to recruit and mentor potential candidates.
